

# EMERGENCY RESPONSE GEAR

2022

## TRUSTED WORLDWIDE

Every day, divers and emergency-response personnel around the world trust DAN's oxygen units and first aid kits to perform in an emergency. That's because DAN's products have been developed, tested, and refined with input from leading doctors and researchers to meet the unique needs of the diving community. Be ready to respond. Explore [DAN.org/Store](https://dan.org/store) to make sure you are prepared with the latest safety equipment to effectively handle any dive emergency.

## OXYGEN UNITS

DAN's oxygen units are designed to withstand the rigors of professional use. Waterproof cases provide protection for the oxygen components in even the harshest marine environments to ensure you'll be able to respond to any emergency.

## EMERGENCY OXYGEN FOR SCUBA DIVING INJURIES COURSE

When a diving accident occurs, being able to recognize the problem and provide the appropriate care can speed the diver's recovery and minimize the long-term impact of the injury.

This course teaches the techniques of emergency oxygen administration for suspected diving injuries and nonfatal drowning. Students learn how to identify, respond to, and manage incidents.

Learn more at [DAN.org/Education-Events/Instructor-Led-Courses](https://DAN.org/Education-Events/Instructor-Led-Courses).

# OXYGEN ACCESSORIES

DAN's oxygen unit accessories are designed to give the best performance for your emergency response needs. Complete, restock, or update your oxygen unit to ensure you are ready for any situation.

## DEMAND VALVES

Our reliable demand valves have the same design as those used by professional EMS. The standard demand valve allows oxygen to flow freely for the treatment of conscious divers. The dual-function Manually Triggered Ventilator (MTV-100) can be used to ventilate divers who are not breathing.

- 611-3000 Demand Valve w/6-Foot Hose
- 611-3100 MTV-100 Demand Valve w/Hose
- 611-6007 Green Hose for Demand Valve

611-3000

611-3100

## REGULATORS

With its durable body and heavy-duty brass core, these regulators fit all DAN oxygen cylinders and are designed to provide oxygen using both demand and constant-flow delivery. Features a pressure gauge measuring up to 3,000 psi for easy readability.

- 611-2000 Brass Multifunction Regulator
- 611-2100 H Regulator w/CGA-540 Fitting
- 611-9000 Oxygen Washer for Multifunction Regulator
- 611-7000 Handwheel Wrench
- 611-2101 Wrench for H Regulator

611-2000

611-2100

## OXYGEN CYLINDERS

DAN's seamless aluminum oxygen cylinders are 40 percent lighter than steel and come in Jumbo D or M9 cylinder sizes. International white-shoulder cylinders are available.

Cylinders are shipped empty for safety.

- 611-1023 M9 - White Cylinder
- 611-1013 Jumbo D - White Cylinder
- 611-1010 Jumbo D Cylinder
- 611-1020 M9 Cylinder

611-1013

611-1010

611-1023

611-1020

## MASKS

The non-rebreather mask provides a constant flow of oxygen for breathing divers and can be used in situations in which two divers need oxygen simultaneously. DAN's oronasal resuscitation mask is equipped with an oxygen inlet for mouth-to-mask ventilations and providing additional oxygen to nonbreathing, injured divers. This mask can be used with a demand valve or MTV-100.

**NON-REBREATHER MASK**

**ORONASAL  
RESUSCITATION MASK**  
611-8300

**REPLACEMENT ONE-WAY  
VALVE W/FILTER**  
611-8305

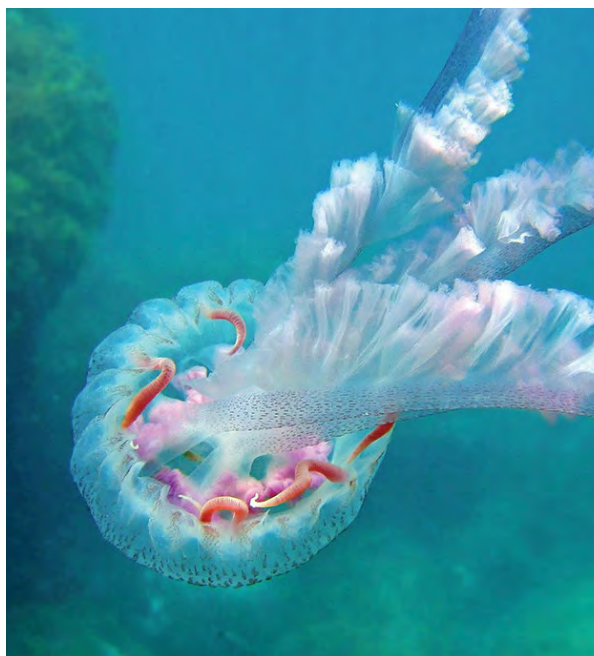

## OXYGEN UPDATE KITS

DAN's Oxygen Maintenance Kits contain everything needed to renew important oxygen unit components. Comes complete with nitrile gloves, a non-rebreather mask, an oronasal resuscitation mask, two oxygen O-rings, a DAN O<sub>2</sub> unit slate, a tank sticker, and an "Oxygen Onboard" sticker.

- 601-7500 Oxygen Annual Update Kit
- 601-7600 Soft-Pack Full O<sub>2</sub> Update Kit
- 601-7700 Full O<sub>2</sub> Update Kit for 1450 Pelican Case
- 601-7800 Full O<sub>2</sub> Update Kit for 1600 Pelican Case

## FIRST AID KITS

DAN's first aid kits enable divers to be prepared in the event of an emergency on the boat, on the beach, or in the dive shop. Our line ranges from compact kits that are suited for minor injuries to comprehensive solutions designed to treat serious injuries. Be ready for the unexpected with DAN first aid kits.

## FIRST AID FOR HAZARDOUS MARINE LIFE INJURIES

Divers may experience unintentional encounters with fire coral, jellyfish, and other sea creatures. DAN's Diving First Aid for Professional Divers course (DFA Pro) teaches divers how to identify and avoid potentially harmful marine life.

It also teaches the first aid skills to treat these and many other dive-related injuries. Find out more at [DAN.org/Education-Events/Instructor-Led-Courses](https://DAN.org/Education-Events/Instructor-Led-Courses).

## FIRST AID & SAFETY ACCESSORIES

DAN's first aid and safety accessories are the ideal complement to your emergency-response gear. Add these items to any kit and be prepared for whatever happens during your dive adventure.

### Diving First Aid for Professional Divers

Diving First Aid for Professional Divers (DFA Pro) incorporates all the knowledge, skills, and materials from the Basic Life Support and First Aid (BLS) course and the Emergency Oxygen for Scuba Diving Injuries (EO2) course then incorporates neurological assessment and first aid for hazardous marine life injuries knowledge and skills. Find out more at [DAN.org/Education-Events/Instructor-Led-Courses](https://DAN.org/Education-Events/Instructor-Led-Courses).

# TRAINING MATERIALS

DAN Training educates divers and medical professionals about best practices in providing care for dive injuries.

## IQC INSTRUCTOR PACK

DAN's Instructor Pack gives the instructor candidate the teaching aids required to conduct DAN programs. This complements the digital instructor training materials.

390-0300 DAN IQC Instructor Full Suite

## STUDENT TRAINING PACKS

DAN's Student Training Packs complement DAN's online learning program. Each kit contains the specific components that a student needs to complete a specific training module.

390-0020 Complete EO<sub>2</sub> Student Kit

390-0030 Complete BLS: CPR & First Aid Student Kit

390-0070 Complete DFAPro Student Kit

## TRAINING SLATES

These waterproof training slates are printed on durable plastic and complement DAN'S first aid courses.

381-6010 DFA Pro Student Slate Set (6)

351-3250 O<sub>2</sub> Maintenance Slate

351-3280 Emergency Oxygen for Scuba Diving injuries Slate

381-3880 BLS: CPR, AED, FBAO Slate

351-3900 BLS: First Aid Skills Slate

351-3480 First Aid for Hazardous Marine Life injuries Slate

361-3280 Neurological Assessment Slate

## OTHER TRAINING TOOLS

### LITTLE ANNE QCPR MANIKIN

A realistic, inexpensive, lightweight adult CPR trainer that offers all the essential features.

671-0100 Little Anne Manikin w/ QCPR Upgrade Kit  
671-0200 Little Anne Manikin Face  
671-0300 Little Anne Manikin Airway

### LITTLE ANNE INFANT CPR MANIKIN

Designed to simulate the weight and size of an infant. A low-cost, lifelike infant CPR trainer.

671-0400 Infant CPR Manikin  
671-0500 Infant CPR Manikin Face  
671-0600 Infant CPR Manikin Airway

### TOURNIQUET TRAINER

Lightweight tourniquet occludes arterial blood flow in an extremity. Training use only.

671-2710 Tourniquet Trainer

### RESCUER MANUAL VACUUM PUMP (MVP)

This lightweight, high-vacuum suction device is powered with one-hand operation. Maximum suction exceeds 500mmHg.

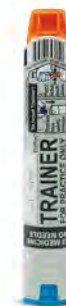

671-2200 Manual Vacuum Pump

### BULB SYRINGE

Used for suctioning infant airways. Designed for first aid with infants and small children.

671-2300 Bulb Syringe

### EPIPEN TRAINER

Teaches proper technique and protocol of EpiPen use and administration. No medical authorization is required.

671-2400 EpiPen Trainer

## DAN GEAR

Show your commitment to dive safety with DAN gear. Our apparel and accessories are top quality to provide style and performance no matter where you travel.

## HEADWEAR

**NAVY BLUE CAP**  
701-1103

**GRAY CAP**  
701-1107

**WHITE CAP**  
701-1105

701-1102

**ROYAL CAP**  
701-1106

**BLACK FLEECE CAP**  
791-7000

## FLAGS & MATS

**DAN FLAGS**  
501-0510 APPLIQUE FLAG  
501-0500 STANDARD FLAG

**GEAR MAT**  
501-3100

## BAGS

501-4005

### COMPACT DRY BAG (15L)

Your gear will stay dry inside this round-bottom dry bag. Shut out water by rolling down the top and snapping the side release buckles together. Features a supportive should strap and carry handle.

501-4010

### NYLON DRYBAG BACKPACK (15L)

DAN's 15L nylon drybag is ultralight, ultrathin and foldable. It comes with a storage bag, removable shoulder straps, and two side pouches.

501-6910

### TRAVEL BACKPACK

For extended adventures or quick excursions, the DAN travel backpack is an ideal carrying option. Padded back and shoulder straps make it comfortable to wear.

## OTHER ACCESSORIES

### COFFEE MUG

501-5005

### TRAVEL MUG

501-2810

### HYDROFLASK WATER BOTTLE

501-6000

**NEW!**
